PROFILE

Highly collaborative audio engineer, artist, and producer with a 7-year track record in music composition and sound design. Signed by InVogue Records as an artist, releasing albums/EPs, collaborating with top producers, and developing an identifiable brand as an emerging artist on the label. Skilled troubleshooter, project manager, and organizer. Proven ability to deliver high-quality work within InVogue's professional and creative environment.

EXPERIENCE

2023 — present

Artist

InVogue Records – Spirit Leaves

- Signed to InVogue Records, known for its support of emerging and talented artists.
- Engages with a cross-functional team comprising of product managers, A&R professionals, publicists, producers, and talent scouts to cultivate a distinctive brand and deliver engaging experiences to target audiences.
- Effectively launched and delivered albums/EPs, demonstrating our dynamic range and distinctive style under the strategic mentorship and support of InVogue Records.
- Actively engage in promotional activities such as photo shoots, interviews, and social media campaigns to enhance visibility and broaden reach for label releases.

Key Projects

- **To My Detriment** — **Songwriter/Producer/Engineer**
Oversaw the entire production and writing for a 5 song EP. Helped develop and execute on all deliverables including: 5 completed masters, 3 music videos, artwork, social media content, promotional assets, and brand guide.
- **Detriment Deluxe (3 Singles)** — **Songwriter/Producer**
Created and produced three additional singles as per label request, contributing to the development and execution of all associated deliverables, including three completed masters, one music video, artwork, social media content, promotional assets, and brand guide.

Brandon Waskiewicz

AUDIO ENGINEER & MUSIC PRODUCER

EXPERIENCE

2017 — Present

Producer, Audio Engineer, & Songwriter

IonStorm / XYZLO

- Creatively collaborate with artists to expertly produce, arrange, track, mix, and master original music and podcasts while maintaining highest levels of creativity and production standards
- Utilize advanced technical understanding of audio-production hardware and software to help artists and producers create final products that support their vision
- Compose music for different mediums including podcasts, stock, and commercial music
- Set up, track, and mix vocals and instruments from variety of different microphones and spaces

Key Projects (clickable links)

• **XYZLO, Album** — **Producer/Songwriter**

Oversaw entire writing and production for 3 albums and 1 EP including recording, editing, mixing, and mastering.

• **Gran Esfera Azul podcast** — **Sound Editor & Mixer**

Compose music, edit and mix sound for weekly podcast.

• **Cowboy Killer, Album** — **Mixing & Mastering Engineer**

Mixed and mastered 5 tracks on record and additional production elements, helping to create consistent sound across entire record.
